

RESISTORS

Feature

- ◆ Miniature ◆ High reliability
- ◆ Long term stability over the entire operating temperature range

Application

- ◆ Consumer Electronics , Power supplies, Automobile Electronic circuits, Industrial application & Defense applications.

Technical Specifications

Series	MFR
	CFR

Type	Carbon Film, Metal Film
Reference Standard	IS 5786
Operating Temperature	- 40 to + 85°C
Wattage	¼ to 2W
Range	0 Ohm to 10 M Ohm

Leading Manufacturer of Passive Electronic Components
